

Children's Creations entertains thousands of students each year with their educational and captivating live theatre productions. With over one thousand seats to accommodate you and your class, we guarantee your field trip will open your students' eyes to the magic of the fine arts. Here is what one teacher had to say about this opportunity,

"As a second grade teacher, we are always looking for quality ways to expose our students to the cultural arts. Children's Creations provides a low cost avenue in which to introduce our students to the art of performing. The performances are very well done and enjoyable. The Students have always enjoyed attending the shows, and a number of students have become involved with Children's Creations after seeing a play."

- Tom Morris

We offer this valuable opportunity for only \$2.50/person because we recognize the value and impact an early introduction to cultural activities can have on a students' development.
